LAMA Show GOLD & SILVER

May 1 - 2, 2010

SHOW RULES:

Exhibitors must be the registered owners and make entry in the exact names (owner and animal) as shown on the registration certificate. Exception: Exhibitors may use the "Permission to Show" form provided by ALSA, which grants permission from the owner on the Registration Certificate to a person who is purchasing an animal to show that animal under their own name. Exhibitors may or may not be handlers. **NOTE:** Handler attire should be appropriate for the class. Shoes should be appropriate for the show ring (open toed shoes, sandals, or bare feet will disqualify the exhibitor).

HALTER CLASSES:

- ❖ All llamas shall be present for judging with a halter and lead rope with no additional decorations. Halters shall not have tassels, pompoms or other removable decorations.
- ❖ No ranch, personal, animal, organizational name, logo, or insignia shall be displayed on the exhibitor of animal during the class.
- ❖ Nursing llamas cannot be accompanied in the ring by their crias or vice versa. ALSA recommends not showing nursing mothers or crias.
- ❖ A Judge may dismiss animals exhibiting unruly or unsafe behavior from the ring. Dismissal can take place even before the animal gets in the ring if show personnel bring the matter to a Judge's attention.
- ❖ Show management may dismiss an exhibitor and their animal from participation at the show if the exhibitor mistreats their animal.
- ❖ Llamas may not be moved from one class to another after halter judging has begun, except at the Judge's discretion.
- ❖ Exhibitors are responsible for having their animal to the show ring on time. Classes will start as soon as previous class winners are announced and dismissed.
- ❖ An exhibitor shall not knowingly show where there is a conflict of interest with the Judge; the burden of responsibility is with the owner, exhibitor or trainer to recognize a conflict of interest. (See current edition of the ALSA Handbook.)
- ❖ Youth 9 through 18 may show intact males. It is recommended that youth under 8 years not show intact males and youth 8 years through 12 years not show intact males over 24 months of age.

PERFORMANCE CLASSES:

- ❖ Halter class rules also apply.
- ❖ Llamas must make an attempt at each obstacle.
- ❖ In adult classes, if the entrant does not complete obstacle, they should be judged accordingly and then go on to the next obstacle.
- ❖ A llama or handler going off-course cannot place over an animal that completed the course.
- ❖ Coaching from the sidelines by spectators is discouraged and may compromise the exhibitor's scoring.
- ❖ After refusals at three obstacles, it will then be mandatory for the Judge to dismiss the exhibitor from the course. This procedure is not to be used in Youth classes without prior agreement of show management and explanation to the exhibitors.
- ❖ In obstacle classes, it is at the Judges discretion whether the handler must negotiate the obstacles.
- ❖ Only voice and hand commands may be used in performance classes.
- ❖ No written notes may be used in performance classes.
- ❖ In all packing classes, the handler and the animal must negotiate the obstacles, except loading in vehicles, and any obstacle wherein a separate handler route has been defined or provided.
- ❖ Exhibitors may request the Judge provide a review of their individual score cards. Scorecards may not be reviewed without the permission of the Judge. All score sheets should remain property of the Judge and only interpreted by the Judge with exhibitors on an individual basis.
- ❖ Exhibitors may not view other exhibitors' scorecards.

BREEDING LLAMAS WOOL DIVISIONS:

BOTH female and male: Shorn animals must be shown in the wool division in which they would have been shown PRIOR to shearing.

- *Classic:* Double Coat with prominent, abundant guard hair
- *Light Wool:* Minimal body wool, short neck wool with smooth leg
- *Medium Wool:* Moderate to long body wool, minimal to moderate neck wool, moderate leg wool
- *Heavy Wool:* Abundant body and neck wool with minimal to abundant leg wool (i.e., leg wool **at** least to knee and hock)
- *Suri:* Fibers are grouped into a very distinctive and well-defined lock structure. Decision of judges final if the llama can show in this class.

AGE DIVISIONS:

- *Juvenile:* 5 through 12 months
- *Yearling:* 13 through 24 months
- *Two Year Old:* 25 through 36 months
- *Adult:* 37 months and over
- *On a llama's birthday, the llama moves up to the next older class.*

SEX DIVISIONS:

MALE classes are for intact males. It is recommended that the testicles on a male be visible. If necessary, the fiber on the tail should be trimmed so that the Judge can easily see the testicles on the walk at approximately six feet behind the animal. FEMALE classes are for fertile, breeding females.

NON-BREEDING LLAMAS

These classes are for geldings, vasectomized males, and spayed or non-reproductive females. There are no sex or wool divisions. A registration or veterinarian certificate verifying status must accompany these llamas.

YOUTH CLASSES

All youth 8 through 18 years, as of January 1, 2007 may show in these classes. Junior is 8-10 years; Intermediate is 11-13 years, and Senior is 14-18 years. Youth classes may be combined if there are not eight entries in a youth division.

GRAND AND RESERVE GRAND CHAMPION

These classes will be offered for each sex and wool division, as well as for non-breeder and performance. These classes are composed of the llamas placing in the first two places of each division or class. Grand Champion will be selected from the first place llamas in each age division or class. Reserve Grand Champion will be selected from the remaining first and second place llamas from the Grand Champion's age division.

GET OF SIRE

Each entry must include three offspring by the same sire by at least two different dams. All get must first be shown in their appropriate halter class age division. While the entry is in the sire's name and awards likewise recognize the sire, the sire is not shown in this class. The get may be decided after halter classes, but must be listed with the clerk before this class is held. If the exhibitor(s) is/are not the sire's owner, they must have written permission of the sire's owner to show.

PRODUCE OF DAM

Each entry must include two offspring by the same dam. All produce must be shown in their appropriate halter class age division. While the entry is in the dam's name and awards likewise recognize the dam, the dam is not shown in this class. The produce may be decided after halter classes, but must be listed with the clerk before this class is held. If the exhibitor(s) is/are not the dam's owner, they must have written permission of the dam's owner.

PERFORMANCE CLASSES:

OBSTACLE CLASS

The purpose of this class is to demonstrate the well-trained animal's obedience and willingness to complete the activities requested by the handler.

PACK CLASS

This class is designed to present or simulate the conditions and obstacles actually encountered when packing with llamas on the trail. Llamas 37 months and older must carry at least 40 lbs; exhibitors must provide a saddle with two cinches, suitable for back-country use, complete with weight and fill material as per regulations. Llamas 5-36 months will carry a pack filled with lightweight bulk material.

PUBLIC RELATIONS CLASS

This class is for the animal that participates in community activities, goes to schools, hospitals, service clubs, parades, charity functions, children's homes, and rehabilitation therapy with a variety of patients, TV or other media appearances for promotion.

ADVANCED & MASTERS

An animal can stay in Advance until it has achieved the ALSA Performance Champion Award by earning 3 Grand Championships and 2 Reserves, or 4 Grand Championship in Open or Advanced Performance. It may move to Master Performance. The exception is if an animal is working toward the ALSA Elite Award which requires 6 Grand Championships in Open or Advanced Performance. Once an animal has achieved 6 Performance Grand Championships it must move to the Masters Performance Division. Masters may be combined with Advance classes if there are not enough for entries for a Masters division.

SHOWMANSHIP CLASS

A showmanship class is a demonstration of the handler's ability to show his/her animal to its best advantage at halter. Judging is based on the exhibitor's basic skills in following directions and style of presenting the animal to a Judge for evaluation. The animal's conformation is not to be considered. Handler's attire should be appropriate for the class.

PLEASURE DRIVING

Pleasure Driving shows the suitability of the llama to provide a pleasant drive. Minimum age is 24 months. Llamas will show as a group and may be in single or team hitch.

OBSTACLE DRIVING (Returning this year!)

This class is designed to show the obedience, calmness and agility of a driving llama when negotiating obstacles typically encountered while out on a drive. Llamas will compete one at a time.

NOVICE

An animal can stay in Novice until it has achieved the ALSA Novice Performance Champion Award by earning 3 Grand Championships and 2 Reserves, or 4 Grand Championship. After earning that award, the animal must move up to Advanced.
